

# Chemspec Ink Exit

**FOR PROFESSIONAL USE ONLY**

The only thing worse than ink stains are the strong smelling solvent-based spotters that get rid of them! Chemspec Ink Exit is a breakthrough in ink removal technology that removes ink stains fast without the use of harsh solvents. The product has no VOCs, which means no strong smells, and it is easy to apply. The product will not delaminate carpets and rinses clear with water. Make Ink Exit a part of your stain removal kit. 946ml

## **i** TIPS

## What does it do?

### Chemspec Ink Exit acts fast and is easy to use.

Always pre-test in an inconspicuous area before full application.

### Directions to use:

1. Pour a ring of product around the outer edges of ink stain.
2. Apply or pour directly onto the ink stain.
3. Agitate with a bone scraper or gloved finger until ink begins to disperse.
4. Rinse and extract with water.
5. Repeat steps 2-4 if any ink remains.
